

CHC33021 Certificate III in Individual Support

Group 130

12 weeks class time

(plus 3 weeks class support)

3-4 days/week

Starts 10th July 2024

Location: Victoria Point

Class times: 8:30am-3:00pm

Qualification Description:

This qualification reflects the role of individuals in the community, home or residential care setting who work under supervision and delegation as a part of a multi-disciplinary team, following an individualised plan to provide person-centred support to people who may require support due to ageing, disability or some other reason.

These individuals take responsibility for their own outputs within the scope of their job role and delegation. Workers have a range of factual, technical and procedural knowledge, as well as some theoretical knowledge of the concepts and practices required to provide person-centred support.

Course Delivery:

This course is delivered in a supportive class and work environment. It is a combination of classroom, work from home tasks with tutorial days, and work placement. Work placement is provided, and AMC Training will support the student with orientation and will undertake all student workplace assessments.

If you have undertaken formal studies or have achieved competence through workplace or other training, you can apply for recognition of prior learning (RPL) via the enrolment form (fees apply).

Students must investigate any Centrelink funding possibilities themselves.

Student Support:

All students are supported according to their individual needs and there will be no discrimination against students on any grounds. We ask you to raise any concerns with us. AMC Training Comments and Complaints process will be followed.

Work Placement:

Students not currently employed with the aged or community care industry will be required to complete at least 120 hours of work. It is also a requirement to have clear police check to be eligible to commence this course. If supported through Centrelink the minimum will be 1 class day and 2 practical days per week. Sufficient time is needed to develop the skills and assess the competence of the student in all required units of study.

Work placements are sourced for all student in their local Aged Care facilities if possible. Please be aware that you may need to travel up to 30 minutes for this placement. If completing Disability Specialisation approximately 50% of work placement will occur in Aged Care and the remaining 50% in a Disability organisation. An orientation to your work placement will occur in the third or fourth week of the course.

Further Learning Pathways after completion

Certificate IV in Ageing Support

Certificate IV in Disability

Diploma of Nursing

(Enrolled/Division 2 Nursing)

Bachelor of Nursing

Where might your new career take you?
